WHAT IS AMTICO LVT?

Flooring designed with real life in mind.

Put simply, luxury vinyl tile (or LVT) is a popular flooring solution that offers the appearance of real wood or stone, giving an authentic feel in any home environment.

Because it's made with heat compression of several high quality materials, it's extremely hard-wearing and practical, making it perfect for the life that takes place in your home. It can also be laid in different ways, allowing you to bring your unique vision to life.

Starting at our original factory in Coventry, we're proud of our 60 years of British manufacturing expertise. Our craft for manufacturing allows us to carefully create LVT in all kinds of planks, tiles and looks for every space.

First choice for an easier clean.

Water resistant, easy to clean and suitable for underfloor heating, Amtico First flooring is suitable to refresh any room in your home and couldn't be more straightforward to maintain. All you have to do to keep your floor looking fresh is sweep frequently, mop on occasion and enjoy the benefits of a floor that looks authentic, with none of the labour-intensive care.

High quality and affordably priced.

Amtico First, like all of our luxury vinyl tile (LVT) products, is made to give you the best of both design and durability. With micro-bevelled edges for an authentic look and Quantum Guard coating for durability, Amtico First stands up to everyday living, making it a long-lasting and cost-effective choice for your home.

A selection of colours, laying patterns and stripping makes First effortlessly versatile.

Wood stripping is cross grain.

Amtico First offers a 15-year warranty.
If the house is sold, the warranty is transferable
to the next and all subsequent owners,
with a limit of 15 years from installation.

The warranty means that in the event of
'wear-out' from normal foot traffic, the floor
will be repaired free of charge. Wear-out means
the removal of the pattern and colour from
the Amtico floor caused by the removal of the
protective wear layer. Damage caused by stains,
spillages, burns, scratches, indentations, floods
and any other accidents or abuse, as well as any
reduction in the surface gloss due to normal
wear and tear, is excluded from the guarantee.

Every effort is made to achieve accurate
reproduction of products in this brochure;
however, printing limitations can be misleading.
Selection of products should be made from
actual samples. Samples are small pieces cut
from standard tiles. They only give a general
indication of the design. Tone and shading
can vary slightly from batch to batch, and it
is not possible to guarantee that the sample
will exactly match the material supplied.
The policy of the Company is one of continuous
development and improvement and the right
is reserved to add or delete from the range or
change patterns without prior notification.
Brochure correct at the time of printing.
