Amtico Décor Designs

Amtico Décor is a stylish flooring collection that will take you effortlessly back to the Victorian era. Based on designs from the Amtico archives, Décor works equally well in period and contemporary settings, to cover an entire floor or to create a focal point.

Classic

A kaleidoscope pattern in complementary colours. Use alone, or add a unique decorative border for harmonious style.

Geo

A simple geometric square that updates the Victorian look. Let the pattern flood the floor, or use a border or rug feature to frame statement interior pieces.

Echo

A contemporary pattern which uses a simple two-colour combination to form a geometric, reflective design. Equally beautiful as a bold statement to flood a floor, or as a ceramic-style decorative rug feature.

Chequer

A sophisticated two-colour masterpiece, made with mini square tiles for elegant design impact.

Classic

From bold black and white to complementary colour combinations, Classic's eye-catching shapes create elegant floors with a modern take on an enduring pattern.
